The fruit of the congress, encouraging to contemplate, is the establishment of an unofficial entente rather than any definite advance toward governmental rapprochement: an "intellectual Pan-American union," in the phrase of the congress itself. The political future of the Western Hemisphere has not been severed, in the logic of events, from its past; but un-ENING SUN, Per Month.... 25 forces out of which that future must ENING SUN, Per Year...... 250 develop. A foundation of mutual good All checks, money orders, &c., to be will has been set in place for later made payable to THE SUN.

## Civilized Warfare.

Both tragic and ludicrous are the efforts of mankind to wage war in this century after a manner that goes to prove that the race is not as barbarous as in former centuries. To assert that the average European today when engaged in slaughtering his neighbors is not intellectually and morally superior to his ancestors of a thousand years ago, that he does not make war on a more altruistic basis, so to speak, than did the cave man would be to hurt his sensi-Haven railroad directors accused of tive soul, to do him, he would assert. a grave injustice. Are there not accepted rules of civilized warfare, not be as good as the men who got full and final measure of her powers complete defeat for the Government. this juggling with their franchise?

TO THE EDITOR OF THE SUN-Sir: To am indebted to the editor of the Lyons Republican for a more elaborate outline of his views as to the supremacy of any one familiar at first hand with Spanish American conditions, military, social and political, the present agitation in the direction of a defensive al-liance between those countries and our-

party loyalty over all national issues. Such loyalty carried to its logical conclusions would make the various units of the political parties of the entire country as subservient to the boss as the selves is certainly grotesque.

First to be considered is the strategic difficulty of concentrating the forces of must be, if we are to judge by his ve-hement denunciations of Mr. Roosevelt those widely scattered States in the face f hostilities, since not one of our southrn neighbors possesses transports wor-hy of the name, and but three, Chile, as a traitor to those in control of the Chicago convention of 1912. the Argentine and Brazil, can boast of their troops could be moved to our asbeen considered a crime by those in control of the party machinery. During all that time Mr. Roosevelt has been looked upon with suspicion by the politisistance, assuming that we were as-sailed by a strong naval power, and learly no European or Asiatic Power without a navy could attack us. cal bosses of his State as a man capable

Let us suppose, however, that by some niracle our prospective allies reached our shores; what then? It is necessary to have seen with one's own eyes those armies (with a very few notable exceptions), composed of tatterdemailon scarecrows, barefooted, ragged and covscarecrows, barefooted, ragged and covered with vermin, armed with rusty rifles of the early '80s, taller than the men who stagger under them, without a commissary, depending on a horde of ports of the contests over the seating of women camp followers to steal food delegates at the convention of 1912, referred to the specific ports which have been frequently published by Republican papers. These he American army officer believes that such volunteers as we sent to the Philippines in 1898-1900 would have done as well in Gallipoli as the British territorials, for there is no doubt that with the Pan-American movement, How territorials, for there is no doubt that who tend to act a decade or more ago and as Julia Marlowe is for them, and officered by squeaky ports which have been frequently published by Republican papers. These he is no longer demands 'something imported' is one of the significant and encountered to the is necessary to have seen all this to compelled to pay for the construes as conclusive evidence of the distinction by the absurdation is necessary to have seen all this to compelled to pay for the construers as conclusive evidence of the day.
